SUBJECT   :   Briefing of the Deputy Director of
                       Central Intelligence by the Office
                       of Security

1. This memorandum is for <u>information</u> only.

2. Attached, in response to your request, is a proposed out-
line of a forty-five minute briefing this Office is prepared to give the
Deputy Director of Central Intelligence, at his request. I plan to use
charts in support of many of the points and many of them you have
already seen in connection with other briefings this Office has given.
You will recall the briefing of Personnel Security and our Counter-
intelligence Program which we gave Admiral Raborn. I plan to in-
clude a brief version of this program in my briefing of Admiral Taylor.

3. If, after reviewing the attached outline, you have any sug-
